

THE BOURBON NEWS

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XLI

PARIS, BOURBON COUNTY, KENTUCKY, TUESDAY, NOVEMBER 1, 1921

REMEMBER LAST JANUARY AND SIGN UP NOW.

The campaign for signers to pledges of the Co-operative Burley Tobacco Marketing Association plan is entering this week on the next to the last week of the campaign, which is scheduled to close on November 15. The work in Bourbon county had been carried on with vim and vigor by a set of capable and determined men, whose sole aim and object was to set the proposition plainly and clearly before the growers. Still some of the growers are holding back, much against their own interests.

Business men realize the value of co-operation and organization. Big business has been made more effective by thorough organization. Business men see in the co-operative plan a gleam of hope for financial recuperation of all business in the Burley district. Business men realize that when the farmer and tobacco grower succeeds and has money to spend all business in this community likewise prospers. These business men realize that this is not alone the farmer's fight simply because he produces the tobacco. They realize that the business men in every community are directly affected by the price of tobacco, and they are, therefore, willing to go out and help the farmer to a better understanding of this great movement.

THE NEWS wishes to again sound a warning to those who have not yet signed the marketing plan contract, and to urge them to rouse from their apathy and heed the solemn advice of their neighbors who have signed up their crops. They should join the Association for their own protection, and then, we believe, all business in the community will share in the prosperity. They want you to succeed that they themselves may be successful.

Remember last January, farmers and tobacco growers of Bourbon county, and sign up to-day with the co-operative plan.

PONY BITES BOY

William Wornall, Jr., son of Mr. and Mrs. Wm. Wornall, of near Paris, is nursing a badly injured right arm, as the result of an accident which occurred near his home, Sunday. Mr. Wornall was riding a stud pony, when the animal shied, throwing him to the ground. As he lay under the pony the animal bit him on the right arm, inflicting severe injuries. Mr. Wornall made his way to his home, where medical assistance was called and his injuries given attention.

COMMERCIAL CLUB PLANS ELECTION OF OFFICERS

Preparations are now being made for the annual election of officers and directors of the Paris Commercial Club. President E. H. Gorey has appointed an election committee composed of Hugh Brent, chairman; Charles Green, John F. Davis, J. J. Veatch, and Monroe Mansfield, who will take general charge of the election and count the ballots. The constitution of the organization provides first for a nominating primary election and then for the general election in order that the procedure may be thoroughly democratic and give all an equal voice in the selections. The primary will be held on Thursday, November 10, and the general election Tuesday, November 22, at which time the annual meeting of the organization will be held. Ballots will be mailed to-day to all members that they may nominate their choices for the various offices. These nominating ballots must be returned to the Commercial Club office before 8 p. m., on Thursday of next week. The election committee will count these ballots and will place the three receiving the most votes for each office on the general election ticket. At the general election the one of these three receiving the most votes will be declared elected. The offices to be filled are president, vice-president, director of organization affairs, director of public affairs, director of business affairs, and six directors-at-large.

TALKING OVER OLD TIMES

Writing in the Lexington Leader, Col. James Maret, "The Boone Way Man," says of a former L. & N. official, of Paris, popular in railway circles: "Frank B. Carr, a native of Paris, now the general L. & N. agent at Lexington, was the first agent of the Kentucky Central Railway at Livingston, Rockcastle county. This road was extended from Paris to the above point in the '80's. The writer of these notes was agent and telegraph operator at Mt. Vernon while Mr. Carr was holding down things at Livingston."

CO-OPERATIVE PLAN BEING PUSHED

Workers In the Tobacco Marketing Campaign Enter Into New Week With Fine Prospects

NEW DRIVE STARTS TO-DAY

Up to a late hour Saturday Bourbon county had pledged a total of 8,137,000 pounds of tobacco to the Cooperative Burley Tobacco Marketing Association plan. This represents a total of 7,958 acres, and is included in 1,239 contracts. Of the total 137,000 pounds have been signed up since last Monday, a week ago. The campaign is progressing steadily in the county, with the solicitors busy in every precinct.

With three flying squadrons of 20 men each, in automobiles, women workers in several of the counties and intensive drives in which business and professional men will assist, closing their stores and offices in order to do so, the second to the final week of the Burley Tobacco Growers' Co-operative Association drive started yesterday in every county in the Burley district. Those counties in which there are to be no public speakings will have precinct drives, but the public meetings will continue right up to the close of the campaign.

Organization Manager Joseph Passonneau said that, in his opinion, and judging by the enthusiasm manifested the past week by the workers throughout the district, there was no doubt of the ultimate success of the movement. Manager Passonneau gave out a list of the additions to the poll by counties the past week, as indicative of the rapid gain made by the co-operative movement and warranting the optimism felt about headquarters as to the final success of the campaign.

Yesterday morning a flying squadron of twenty men in automobiles started out and will keep at work until November 15. It will be headed by Captain Sam Clay, assisted by Lieutenant Edward Burke, of Paris. This morning another squadron will start, and Wednesday morning another, all three to keep going until the end of the campaign. The leaders of the other two have not been decided upon.

Four more counties, Carter, Galatin, Scott and Harrison, went over the top Saturday in the campaign of the Burley Tobacco Growers' Co-operative Association to sign up 75 per cent or more of the Burley tobacco crop of the district, including parts of Kentucky, Ohio, Indiana and Tennessee and Organization Manager Joseph Passonneau estimated the amount signed up in the drive the past week at 25,000,000 pounds.

Twenty-one counties have reached their quotas.

LYCEUM COURSE HAS AN AUSPICIOUS OPENING

The Lyceum course opened most auspiciously Saturday evening in presenting the Ischaekowsky Quartette to an unusually large crowd of people. The members were all artists, and the classical selections presented "ensemble" were finished and pleasing.

The soloists were the violinist, the cellist, and the pianist. The Etude of Chopin, played by Mr. Weltman was a climax in musical effect. One of the most appealing numbers was the "Stradivarius," given by the dramatic impersonator of the evening, assisted by the first and second violinists and the pianists. The old Cremona violin spoke to the audience in its passionate appeal for life.

The children were not forgotten by the artists, who entertained them with selections from James Whitcomb Riley and Service.

The second number will be given Wednesday night, November 16. The program will begin at 8:30, so that it will not interfere with prayer meeting.

ATTENTION, K. OF P.'s

The members of Rathbone Lodge team will meet Wednesday night, for practice in the Ranks. All K. of P. members who are interested in the work, are invited to be present and take part.

THREE REPRESENTATIVES WILL BE CANDIDATES FOR SPEAKER.

At least three men who apparently will be elected as members of the House for the next session of General Assembly will seek the office of Speaker. James H. Thompson, of Bourbon, and Henry Lawrence, of Cadiz, for some time have been known to be candidates for the place. During the week it was also learned that H. C. Duffy, of Cynthiana, candidate for the House from the 71st legislative district without opposition, will be a candidate for Speaker. Mr. Duffy is said to have declared that he will be a candidate in the Democratic caucus at the opening of the legislature. Mr. Duffy has served several terms in the House and was speaker during the 1916-1917 term. Mr. Lawrence was Speaker in the 1906-1908 House and Mr. Thompson was floor leader of the Democrats during the last session. Joe F. Bosworth, of Middlesboro, Republican, who was speaker during the last term when the House was Republican by a comfortable majority, it is believed, will be a candidate in the Republican caucus. Conservative politicians express the opinion that the House will be Democratic by a majority that may exceed twenty votes.

BOURBON PRISONER ASKS RELEASE FROM DURENCE

Habeas corpus proceedings have been instituted by sixteen prisoners in the Frankfort Reformatory, seeking their freedom. Among the number is John Whaley, colored, convicted in the Bourbon Circuit Court and sentenced to six years on a charge of robbery.

The men claim they have not been given proper allowance for "good behavior time." The Board allows prisoners "good-behavior time" as follows: Seven days a month for the first year, eight days a month for the second year, and ten days a month for the succeeding years. Judge Robert L. Stout, in a test case brought before him, decided that the Board was without authority to graduate the sentences.

FORMER PARISIAN HAS GOAT FARM

James B. Fee, Formerly of Paris, Supplying Goat's Milk To Kansas City People

NEW ENTERPRISE THRIVING

James B. Fee, of 121 South Toppling avenue, Kansas City, Mo., son of Mr. and Mrs. A. J. Fee, of Paris, says he has the milk problem solved. In a letter to his father he tells how it can be done, and he is confident his method will be used universally soon.

"How would you like," he says, "to have three quarts of the purest, richest, creamiest milk ever drank for seven cents a day? Get a goat. There is no 'kidding about this.'"

Mr. Fee is one of about a dozen men in Kansas City who have gone into the goat milk business and are making a big success of it. They have formed a "goat club" and there are new additions to its membership every day. They predict that the end of the cow dairy is near at hand, and soon every family will have its own private dairy. Soon no home will be complete without its milk goat, giving from three to five quarts of the purest milk a day for feed and upkeep. Any member of the Goat Club can give a hundred reasons why goat milk is superior to cow milk.

Mr. Fee is so enthusiastic over the success of his enterprise that he has written a lengthy article bringing out the basic facts to support his argument.

"There is a general lack of knowledge in relation to the goat," Mr. Fee says. "It is one of the cleanest animals, healthy to the limit and does not breed either flies or germs. I have but four goats at present and cannot begin to supply the demand of physicians for the milk."

According to Mr. Fee, Egyptian goats are among the best from which to select a herd. Kansas City Chief, one of A. W. Lockman's herd, of Kansas City, a prize registered animal, is valued at \$500.

LETTER DELIVERED AFTER FORTY-ONE YEARS

Perhaps the postmaster at Otisco, Ind., shook the mail pouches, as Will H. Hays, Postmaster General, ordered several days ago after learning of the number of "letters that never came."

The letter in this case arrived Friday. It was more than forty-one years late. Thomas Stradley, Jeffersonville attorney, received a long envelope. In one corner was printed: "If not called for in ten days, return to Piez James, Clerk of Clark County, Jeffersonville."

Mr. James, who died some time ago, retired in February, 1880.

The letter contained papers regarding the settlement of an estate, which is still pending.

EDITORIAL FLINGS

Day's Best Thought

The big man, the really and truly big man, the man with the imagination, with the good, sound business sense and broad view, is the one who is always looking for advice. He always has time to listen and to learn.

Old John D. is a generous old soul. Such generosity was never seen. He gives ten cents to sweet charity. And up goes the price of gasoline.

The widow of Hamon the Oklahoma millionaire, says she will marry only an ugly man. We know seven or eight in Paris who would suit the widow, but they might object to going to Oklahoma.

Unless the farmers save the tobacco interests of Kentucky by the co-operative marketing of the weed, this great interest is doomed. If you sign up you "save your bacon," and if you don't you sacrifice your crop.

We would like very much to know what happens during the five minutes which elapse from the time you take the receiver off the hook until the telephone operator says: "Number please."

According to the Court of Appeals a man can carry around one gill of "moonshine" without being considered a "bootlegger," but he can't carry that much around on the inside without being arrested for drunkenness and disorderly conduct.

The American delights in danger. About 5,000,000 Americans who have survived the deadly dangers of automobile traffic, are getting ready to go hunting and drag loaded guns through fences when not being shot up by the other fellow.

"A girl in our village," says a Paris bachelor, "spends all her time making good, and another one I know very well spends all her time looking good. If I had the choice of only one harrow I shouldn't pick either the disk harrow or the smoothing harrow, but the old-fashioned spring-tooth."

Amending the migratory bird law, so that the hunter's "bag" shall include not only what he has shot himself, but also "all birds taken by any other person who for hire accompanies or assists him" restricts the sportsman from making "a game hog" of himself at the expense of a boy or two whom he has brought along to commit perjury.

Motor traffic that kills and a gun that "I-didn't-know-was-loaded" are in the same category. It is time that the motorist awoke to the fact that he is driving a deadly weapon and that every time he ignores traffic regulations he is pointing a loaded gun at a fellow mortal's head. Here is a statement recently published in an insurance journal that is worth thinking about. In the United States during 1920 12,000 persons were killed and 1,500,000 seriously injured in automobiles.

THIN, FLAT HAIR

GROWS LONG, THICK
AND ABUNDANT

"Danderine" costs only 35 cents a bottle. One application ends all dandruff, stops itching and falling hair, and in a few moments, you have double the beauty of your hair. It will appear a mass, so soft, lustrous, and easy to do up. But what will please you most will be after a few weeks use, when you see new hair, fine and downy at first—yes—but really new hair growing all over the scalp. "Danderine" is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. This delightful, stimulating tonic helps thin, lifeless faded hair to grow long, thick, heavy and luxuriant. (T-1f)

PINNED UNDER CAR OCCUPANTS ESCAPE INJURY

While motoring on the North Middletown and Mt. Sterling pike, near North Middletown, Mrs. Hanley Ragan and Miss Alexine Biggestaff, both of Mt. Sterling, narrowly escaped serious injury when the roadster in which they were riding overturned while descending a steep hill near Sideview. Both women were pinned beneath the machine and were rescued by passersby. They were removed to their homes, suffering from severe bruises and shock.

BUSINESS CHANGES

Mr. Merritt J. Slicer, for several years associated in the Posner Bros. shoe store as clerk, has resigned his clerkship, and will go into the candy-making business for himself. His place at the shoe store will be filled by Stanley Richards.

Mr. Jeff C. Smith, member of the Louisville & Nashville train dispatching forces in the local office, has been transferred to the Cincinnati office of the L. & N., and with his family, has moved to that city to reside.

Mr. W. H. Arthur, who has been connected with the Ford Garage in this city, has resigned and has taken a similar position with the Lafayette-Phoenix Garage in Lexington.

BENJAMIN H. KAUFFMAN
Reading, Pa.

"There's no doubt in my mind that Tanlac saved my wife's life," was the positive statement of Benjamin H. Kauffman, 505 Bingham street, Reading, Pa., popular clothing salesman for the well-known firm of Croll & Keck.

"I was almost desperate from worrying over her condition, as she had suffered so long without getting relief and I can hardly believe my own eyes now when I see the change in her. Why, she doesn't show her age by twenty years and declares she never remembers feeling better in her life. Her health was failing steadily for a year as a result of catarrh of the stomach, and I have never seen anybody suffer as much from indigestion and nervousness as she did."

"After a five-weeks' course of Tanlac she was like another person, and I'm firmly convinced that years have been added to her life. It makes me shudder now when I think what the result might have been if she hadn't taken Tanlac in time."

Tanlac is sold in Paris by the People's Pharmacy, and all leading drug stores everywhere. (adv)

LEXINGTON WOMAN TO HEAD STATE D. A. B.

Mrs. William Rhodes, Lexington, present recording secretary, was nominated for State Regent of the Daughters of the American Revolution at the session of the twenty-fifth annual Kentucky conference, at Frankfort.

Mrs. John W. Chenault, Louisville, was nominated for vice-regent, Mrs. Lucien Beckner, Winchester, recording secretary; Mrs. Victor K. Dodge, Lexington, corresponding secretary; Mrs. Stanley Reed, Maysville, treasurer; Mrs. E. G. Appeals to Daughters in Kentucky to provide for and sustain the memorial school at Hueysville; to celebrate Armistice Day November 11; to have chapters appoint committees to locate all graves of American Revolutionary soldiers in their counties, to use their influence to have every child in the schools taught to salute the flag, and to learn the American's Creed, were the principal matters touched on in the annual address of Mrs. James M. Arnold, of Covington, retiring regent.

Delegates from seventeen chapters and a number of visitors were present when the first session opened at the Old State House.

There are many wild flowers that close their petals and droop their heads with the coming of each day's dusk, and it is unreasonable to regard this as other than the sober fact which it obviously is—that the flowers have fallen asleep with the approach of night.

Fordson TRACTOR

'The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth.'

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time—a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more—a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

RUGGLES

Lowest Prices Ever Quoted

on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

We can arrange suitable terms for you. Come in and see us.

MAY PROVE FATAL

When Will Paris People Learn the Importance Of It?

Backache is only a simple thing at first;

But if you find 'tis from the kidneys;

That serious kidney troubles may follow;

That dropsy or Bright's disease may be the fatal end,

You will be glad to know the following experience.

'Tis the statement of a Paris citizen.

Mrs. A. T. Alexander, 720 Vine street, says: "A few years ago I had an attack of kidney trouble and for a time I was unable to do my housework because of the severe pains across the center of my back. Many a night I couldn't get a wink of sleep on account of the misery in my back. My feet and ankles would swell so badly that I would have to wear large bed-room slippers. I had pains in the top and through the back of my head, too. As soon as I began using Doan's Kidney Pills I got relief and I am pleased to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

NEW LAW NEEDED

There is imperative need in this State for a law compelling the publication by the proper officials of a list of the various offices to be filled annually, giving date and time to certify to the County Clerk. There is the greatest muddle throughout the State by reason of the lack of this vital information and many lawsuits result. No appointment or election should be legal without its first being published to an interested public. Such a law would have a salutary effect and would make the politicians sit up and take notice.

Your state of health largely depends upon the food you eat

No one who is physically ailing in any way can afford to take chances with the food he eats. For upon the selection of your food, and upon its perfect digestion and assimilation largely depends your state of health.

The most important thing in connection with the digestibility of any cereal food is the way it is prepared—and the length of time it is cooked or baked.

Grape-Nuts, the rich cereal food made from whole wheat flour and malted barley, is probably baked longer than any other cereal food.

A large part of the starch of the wheat and barley is changed into dextrin and grape-sugar in preparing Grape-Nuts. This is one reason why Grape-Nuts is so easily digested by even the most delicate people.

Grape-Nuts is wheat and barley so processed as to make it delicious and appetizing; even young children thrive on it and grow strong and rosy.

Go to your grocer today and get a package of Grape-Nuts. Eat it as a cereal with milk or cream, or make it into a delicious pudding. It will be enjoyed and relished by every member of the family.

MOTORCYCLISTS HUNT CHESTNUTS.

Chestnut hunting on motorcycles is a new stunt adopted by Bourbon county riders of the gasoline steeds. Four Bourbon county cyclists, Aaron Stern, Edgar "Smiley" Dodge, Frank Harris and Paul Grimes left Paris at eight o'clock Sunday morning and spent the day at Oil Springs, and Indian Old Fields, in Clark county, on a chestnut hunt. They secured a large quantity of chestnuts, and incidentally, a large amount of valuable experience. For instance, Jackie Stern first learned that chestnuts are enclosed in a husk resembling a rolled-up porcupine. All learned something regarding rough riding over rough roads. On the old battle ground at Indian Old Fields they picked up a number of relics, including arrowheads. Another trip will be made next Sunday, weather permitting.

SPECIAL REGISTRATION TO-DAY

The supplemental three-days' registration which began yesterday is not expected to add a very large number of names to the voting list for November.

FEEBLE BLOOD WORKS HAVOC

Gude's Pepto-Mangan Makes Red
Blood; Liquid and Tablet Form

When blood becomes thin and weak it is due to a falling off in the number of red blood cells. It is easily recognized by pallid skin or a bleached complexion, loss of appetite or unnatural irritability and a sensation of weakness. It is not dangerous at first. In fact, many people scarcely notice it and go on for days thinking they will be better the next day.

The great danger is in the possibility of becoming seriously ill from disease, which can work havoc in a body that lacks the endurance and resistance in rich, red blood.

Taken in time and steadily, a few bottles of Gude's Pepto-Mangan are a great help. It improves the quality of the blood by adding red blood cells. They check the weakness, improve the appetite, and clear the complexion.

You can get Gude's Pepto-Mangan in liquid and tablet form at your druggist's. Get the genuine with the name "Gude's Pepto-Mangan" on the package. (adv)

SURE THEY KNOW

There is a merchant in our town Who thinks he's wondrous wise; He scoffs at those who spend hard cash Their goods to advertise.

Of course, most people vaguely know That Jones conducts a store— Out of the beaten path where goes The cream of trade no more.

But what he sells in his small place, What goods he has on shelf, They cannot say, because old Jones Keeps that all to himself.

Sure everybody knows where Jones Sits glum in his easy chair; They also know where the graveyard is, But they're not flocking there!

When a stranger calls and begins calling you "Brother," you had better keep your hand on your pocketbook.

Louisville, Ky.

Gentlemen:-

Please send me 150 gallons of your New Crown Gasoline for use in my exhibition flights at the Kentucky State Fair. I have been using the Standard's gasoline in my flights for years because I find it so absolutely dependable. The picture herewith shows one of the stunts where I have to depend entirely upon the motor, one little skip of which through the use of bad gasoline, would mean disaster for me as well as my pilot. This is why I insist on the best gasoline I can possibly buy, and why I want your New Crown Gasoline.

Yours truly,

Al Wilson

How Miserable This Woman Was
Until She Took Lydia E. Pinkham's Vegetable Compound

Toomsboro, Ga.—"I suffered terribly with backache and headache all the time, was so weak and nervous I didn't know what to do, and could not do my work. My trouble was deficient and irregular periods. I read in the papers what Lydia E. Pinkham's Vegetable Compound had done for others and decided to give it a trial. I got good results from its use so that I am now able to do my work. I recommend your Vegetable Compound to my friends who have troubles similar to mine and you may use these facts as a testimonial."—Mrs. C.F. PHILLIPS, Toomsboro, Ga.

Weak, nervous women make unhappy homes, their condition irritates both husband and children. It has been said that nine-tenths of the nervous prostration, nervous despondency, "the blues," irritability and backache arise from some displacement or derangement of a woman's system. Mrs. Phillips' letter clearly shows that no other remedy is so successful in overcoming this condition as Lydia E. Pinkham's Vegetable Compound.

COUNTING THEIR CHICKENS

Candidates for the Legislature who are reasonably certain of election are beginning to pick out their seats for the session. Practically all of the holdover Senators will keep the same seats they occupied at the last session and some of the members of the 1920 House who expect to return for the 1922 session have spoken for their old seats. Many of the prospective members of the House have selected their seats. Miss Grace Garrett Hendrix, librarian, has charge of the work of assigning seats to the members of the General Assembly.

WORLD'S GREATEST BARITONE IN CONCERT AT LEXINGTON

Titta Ruffo, the world's greatest baritone, will give the third concert of the Artist Series in Woodland Auditorium, Lexington, Monday night, November 7, at 8:15 o'clock. His love for the artistic is inherent, as his family for generations has been noted for the painters it has produced. His sister is a poetess of distinction, and his brother a well-known composer.

Mr. Ruffo inherits his remarkable voice from his mother, a contralto singer of marked standing. His voice is remarkable in every sense of the word. It is a true baritone of marvelous sweet quality and power, with a range that extends into the tenor and basso registers. In resonance it is unsurpassed. His mezzo voice effects being delivered with the clarity and softness of a soprano. His execution is phenomenal and facile accomplishment that literally arouses his auditors to enthusiasm.

His personal characteristics are many and admirable. His salient one is a dominant modesty, which shows best probably on the stage when he insists in all the other artists in the cast sharing in the applause which is meant for himself. His big successes have been made in the operas "Hamlet," "Tonio," "Scarpio," as Athanael in "Thais," "Don Giovanni," as Nelusko in "L'Africainna," "Cristoforo Colombo," "Figaro" and the title of Rubinstein's "Ill Demonio."

The Ruffo concert is the third of the Artist series and the season tickets may be used. Individual tickets are now on sale at the Lexington College of Music and will go on sale in the Ben All Theatre lobby Friday, November 4. Order tickets now by mail or phone 638x.

Good seats at all prices from \$1.10 to \$3.30. (adv)

THE NEW WHEAT

Seager Wheeler, Canada's wheat wizard, gets \$30 a bushel for Early Triumph, his new variety of seed wheat. It ripens ten days earlier than any other wheat and yields eight to ten more bushels to the acre.

This helps all farmers, by increasing their possible profits. It also moves the wheat belt 100 miles farther north and puts millions of new acres under cultivation.

Wheeler, on his Saskatchewan farm, has a wheat production record of 82 bushels per acre. In international exhibitions he has won the world's championship five times.

Men like Wheeler and Luther Burbank will be the outstanding figures of our time when a really civilized posterity rewrites history and puts wars, Kaisers and Pappy Arbuckles where they belong—on a back seat.

The dinnerpail will be the really important thing when the United States becomes as thickly settled as China or some parts of Europe.

TIDAL WAVE DOES TAMPA BIG DAMAGE

Tampa, Florida, where many Paris people have resided for years, and which is at present the temporary abiding place of many from this city, was visited Tuesday by a storm resulting from a tidal wave in the ocean. Hundreds of houses were wrecked, streets flooded, and damage estimated at \$1,000,000 done to property. The storm also cut off St. Petersburg, Florida, from the outside world. Much suffering resulted from the storm. Other places in Florida were hard hit by the big storm. A telegram to Chas. F. Cook, of Paris, from his brother-in-law, Clifton Foxworthy, at Ft. Meyers, Florida, said: "All safe and sound. No damage here."

The most popular team that the screen has ever known, in another zippy romance that's all joy.

The tale of an oil well fake, a "hick" town editor's woes, and a jailbird's flight into love.

Funny as "23 1-2 Hours' Leave." Exciting as "What's Your Husband Doing?" Yet big and fine and beautiful.

THURSDAY, NOVEMBER 3rd

"Down Home"

From the well known book, "Dabney Todd," by F. N. Westcott, a brother of the author of "David Harum."

One tensely gripping situation follows another in this stirring "heart interest" picture—and through it all, like a silken skein, runs a charmingly presented love-tail.

Here's a promise! When poor, weak Joe, stirred and uplifted by the Dominie's words of comfort, starts up from his seat, you're going to start up with him.

Also Chas. Hutchison in 'Hurricane Hutch' and Pathe News.

BURGLARS ENTER BARBER SHOP

Burglars effected an entrance Saturday night to the barber shop of John Ayers, on Main street, between Sixth and Seventh by breaking out a pane of glass in a rear window and throwing the catch. They secured a number of valuable razors and other tonsorial accessories from the shop and a quantity of clothing from the dry cleaning establishment of Logan Ayers, in the rooms over the barber shop. The police were notified, and are working on the case, with a number of suspects under surveillance.

GETS QUICK JUSTICE

The long arm of the law reached out Sunday night and grabbed Chas. Ingram, colored, at Millersburg, charging him with disturbing religious worship. Ingram got too gay at a church meeting and interrupted proceedings. He was placed under arrest, and taken before Police Judge John Stewart, who held a night session, and fined the festively-inclined Ingram \$50 and costs. He was brought to Paris, yesterday morning and placed in the Paris jail, to serve out his fine.
